NEW FAMILY OF LEFT/RIGHT REFRIGERATORS

UPGRADE TO NEW LEVELS OF COOL AND
CLAIM YOUR MARKET LAUNCH DISCOUNT!

Mobile living made easy.

 **DOMETIC**

MOBILE LIVING MADE EASY.

WELCOME TO THE NEW GENERATION OF LEFT/RIGHT REFRIGERATORS!

Do you want to upgrade to new levels of cool for your next camping holiday? Discover the new Dometic 10-Series! Our left/right refrigerators have arrived to change the way food and drinks are kept fresh in motorhomes, caravans and campervans. Featuring a patented double-hinged door, they can be opened to the left and right, at any height and from every angle. The versatile interior provides smart storage solutions for everything – fish, meat, ice cream, dairies, fruits and vegetables, and even for wine bottles. That means: smart use of space, no compromise on comfort, maximum freedom and independence.

We call it mobile living made easy.

DOMETIC.COM

UPGRADE TO NEW LEVELS OF COOL

WITH OUR 10-SERIES RV REFRIGERATORS

Their doors open both left and right. That alone places our new family of 10-series RV refrigerators in a class of their own. Unique double-hinged doors and a versatile interior let you maximize the space you have with less compromise. Elegant, energy-efficient and so easy to use – it's a definite upgrade on your next adventure.

AWARD-WINNING DESIGN

Our double-hinged absorption refrigerators won prestigious awards immediately after market launch. Now we are presenting a whole new family of 10-Series refrigerators with absorption or compressor technology, all featuring the award-winning design.

**DOUBLE HINGED DOOR –
CAN BE OPENED
LEFT OR RIGHT**

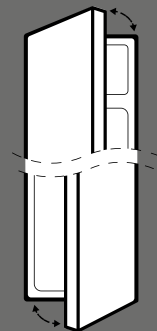

**BEST IN CLASS
COOLING PERFORMANCE**

**VERSATILE INTERIOR
SMART USE OF
COOLING SPACE**

UNIQUE BENEFIT: THE DOUBLE-HINGED DOOR

Thanks to this patented solution, all 10-series refrigerators can be opened to the left and right, without the need to change the hinge. Simply use one of the two convenient and elegant aluminium handles, which extend across the entire height of the refrigerator for easy opening at any height. A two-point locking system keeps the door securely in place at all times.

REFRESHING FEATURES:

- Double-hinged door – opens left and right without the need to change the hinge
- Removable freezer compartment with double-hinged door (single-door models)
- Freezer compartment with separate double-hinged door (dual-door models)
- Noiseless absorption cooling or powerful, energy-efficient compressor technology
- Ease of use with intuitive TFT display and turn/push button
- Elegant aluminium door handles extending over the complete fridge height
- Two-point locking mechanism on either side for increased safety
- Flat door with customizable decor panel (variable thickness 1.2 mm – 3 mm)
- VG-Fresh crisper with adjustable humidity keeps fruits and vegetables fresh for longer
- CI bus connectivity for convenient operation via a central control panel

DUAL-DOOR REFRIGERATOR

With separate left/right doors for fridge and freezer compartment

PATENTED REMOVABLE FREEZER COMPARTMENT

With double-hinged door for convenient opening left or right (single-door models only)

VG-FRESH CRISPER

With adjustable partitions, adjustable humidity and a lid that serves as an extra storage shelf

TFT CONTROL PANEL

Intuitive control of cooling temperature and comfort features

SWAP YOUR OLD FRIDGE FOR A NEW 10-SERIES ONE AND SAVE UP TO 300 €

Do you want to upgrade your mobile kitchen? The best time to do so is NOW! Simply replace your good old Dometic fridge with a new one from the Dometic 10-Series, which has almost the same dimensions. Benefit from our market launch offer and save up to 300 € on the regular price.*

*Valid until October 31, 2020; discount depending on the model.

MEET THE FAMILY

Large refrigerators with noiseless absorption cooling or energy-efficient compressor technology, extra-deep model versions, compact campervan models and under-counter fridges with wheel-arch cut-out – take your pick from our complete range of left/right refrigerators! You will certainly find a 10-Series fridge that neatly fits into the gap your old one will leave (see table on p. 13).

76 l, TFT display

ABSORPTION ADVANTAGE

NOISELESS COOLING WITH THREE ENERGY SOURCES

Absorption refrigerators are completely silent, so they can even be placed near a bed without disturbing anyone's sleep or rest. Moreover, they give you maximum independence in terms of energy supply. They run on mains or battery power, and – practical for camping friends – on LPG (liquefied petroleum gas) as well.

Other plus factors are the almost proverbial reliability and the long service life, with virtually no maintenance required (except for the burner). And, not forgetting, the well organized interior – with plenty of convenience features that can well compare with those of your fridge at home.

**UNIQUE BENEFIT:
THE DOUBLE-
HINGED DOOR**

COMPRESSOR VERSATILITY

AMAZING POWER – FIRST CHOICE FOR SUN WORSHIPPERS

Compressor refrigerators keep cool in every situation – even in tropical temperatures above +40 °C and in inclined positions (e.g. on sloped roads or boats). They operate regardless of the outside temperature and provide the most powerful cooling performance for all mobile applications while consuming very little energy. Dometic compressor refrigerators run on all DC grids (12 V DC) and – with the matching adapter – on AC mains power as well. Moreover, they are suitable for deep-freezing up to -18 °C, so BBQ meat, ice cream and fish will always stay in prime condition. Sun worshippers will also appreciate the fact that compressor refrigerators are tailor-made for solar operation.

COOL VARIETY

10-SERIES ABSORPTION REFRIGERATORS

The popular RMD 10.5 Series was the inspiration for our new left/right absorption refrigerators, which now also includes a tall and slim single-door model and three under-counter fridges. Here is the complete family: RMD 10.5T with double door, RMD 10.5XT with double door and extra-deep cabinet, RML 10.4T with single door, RM 10.5T, RM 10.5XT and RMS 10.5T for installation under the counter.

Simply choose the matching model for your motorhome, caravan or campervan – and don't forget to claim your market launch discount (see p. 5)!

DOMETIC RMD 10.5XT

Absorption refrigerator, 177 l,
TFT display, extra-deep cabinet

- Double-hinged door – opens left and right without the need to change the hinge
- Best-in-class cooling performance – tested and proven in the Australian outback
- Extra-deep cabinet with two separate doors for fridge and freezer
- Ease of use with intuitive TFT soft-touch controls recessed into the door
- Elegant aluminium door handles extending over the complete fridge height
- VG Fresh crisper with adjustable humidity – keeps fruit and vegetable fresh for longer

DOMETIC RMD 10.5T

Absorption refrigerator, 153 l,
TFT display

- Double-hinged door – opens left and right without the need to change the hinge
- Best-in-class cooling performance – tested and proven in the Australian outback
- Standard-depth cabinet with two separate doors for fridge and freezer
- Ease of use with intuitive TFT soft-touch controls recessed into the door
- Elegant aluminium door handles extending over the complete fridge height
- VG Fresh crisper with adjustable humidity – keeps fruit and vegetable fresh for longer

DOMETIC RML 10.4T

Absorption refrigerator, 133 l,
TFT display, anthracite

- Patented double-hinged door – opens left and right without the need to change the hinge
- Removable freezer compartment with double-hinged door
- Best-in-class cooling performance thanks to new cooling unit
- Elegant aluminium door handles extending over the complete fridge height
- Intuitive control via TFT display and turn/push button
- VG Fresh crisper with adjustable humidity – keeps fruit and vegetable fresh for longer

10-SERIES DESIGN UNDER THE COUNTER ADD EYE APPEAL TO YOUR KITCHENETTE!

Our new RM(S) 10-Series under counter refrigerators has arrived to add eye appeal to mobile kitchenettes. The flush-fitting, double-hinged door allows maximum convenience even in confined spaces. It can be opened left and right using the full-height aluminium handles. Noiseless absorption technology keeps fresh and frozen food in prime condition. The well organized interior provides smart storage solutions for your travel provisions. If you want to use the entire space for refrigeration, simply remove the freezer compartment and rearrange shelves to have it just the way you need it!

The two RMS refrigerators are also available as model versions with a wheel arch cut-out. A smart way to use what would otherwise be wasted space!

Wheel arch model available

Wheel arch model available

NEW DOMETIC RM 10.5T

Absorption refrigerator, 93 l, TFT display

- Double-hinged door – opens left and right without the need to change the hinge
- Removable freezer compartment (opens to the bottom)
- Ease of use with intuitive TFT color display and turn/push button
- Elegant aluminium door handles extending over the complete fridge height
- Nice and flexible interior with two small crispers
- Noiseless absorption cooling on 12 V, 230 V or gas
- Full side LED interior light

NEW DOMETIC RMS 10.5XT

Absorption refrigerator, 93 l, TFT display, extra deep cabinet

- Double-hinged door – opens left and right without the need to change the hinge
- Removable freezer compartment (opens to the bottom)
- Ease of use with intuitive TFT color display and turn/push button
- Elegant aluminium door handles extending over the complete fridge height
- Nice and flexible interior with two small crispers
- Noiseless absorption cooling on 12 V, 230 V or gas
- Full side LED interior light

NEW DOMETIC RMS 10.5T

Absorption refrigerator, 83 l, TFT display

- Double-hinged door – opens left and right without the need to change the hinge
- Removable freezer compartment (opens to the bottom)
- Ease of use with intuitive TFT color display and turn/push button
- Elegant aluminium door handles extending over the complete fridge height
- Nice and flexible interior with two small crispers
- Noiseless absorption cooling on 12 V, 230 V or gas
- Full side LED interior light

COOL EFFICIENCY

NEW 10-SERIES COMPRESSOR FRIDGES

Our award-winning left/right absorption refrigerators have changed the way food and drinks are kept fresh in motorhomes and caravans. And now the success story continues with a complete series of compressor-powered fridges featuring the same design: RCD 10.5 and RCL 10.5 models for large vehicles, RC 10.4 for campervans, and – coming soon – RCS 10.5 for installation under the counter. **Simply choose the matching model for your motorhome, caravan or campervan – and don't forget to claim your market launch discount (see p. 5)!**

NEW DOMETIC RCD 10.5XT

Compressor refrigerator, 177 l, TFT display, double-hinged door

- Double-hinged doors – open left and right without the need to change the hinge
- Separate doors for the fridge and freezer
- VG Fresh crisper with adjustable humidity – keeps fruit and vegetable fresh for longer
- Elegant aluminium door handles extending over the complete fridge height
- Internal ventilation system – no further ventilation grills required for installation
- Ease of use with intuitive TFT color display and turn/push button
- Flat door with customizable decor panel (variable thickness 1.2 mm – 3 mm)
- Reliable compressor cooling and deep-freezing – ST Class (up to 38 °C ambient temperature)

NEW DOMETIC RCD 10.5T

Compressor refrigerator, 153 l, TFT display, double-hinged door

- Double-hinged doors – open left and right without the need to change the hinge
- Separate doors for the fridge and freezer
- VG Fresh crisper with adjustable humidity – keeps fruit and vegetable fresh for longer
- Elegant aluminium door handles extending over the complete fridge height
- Internal ventilation system – no further ventilation grills required for installation
- Ease of use with intuitive TFT color display and turn/push button
- Flat door with customizable decor panel (variable thickness 1.2 mm – 3 mm)
- Reliable compressor cooling and deep-freezing – ST Class (up to 38 °C ambient temperature)

NEW DOMETIC RCL 10.4T

Compressor refrigerator, 133 l, TFT display, double-hinged door

- Double-hinged door – opens left and right without the need to change the hinge
- Removable freezer compartment with double-hinged door
- VG Fresh crisper with adjustable humidity – keeps fruit and vegetable fresh for longer
- Elegant aluminium door handles extending over the complete fridge height
- Intuitive control with TFT color display and turn/push button
- Flat door with customizable decor panel (variable thickness 1.2 mm – 3 mm)
- Reliable compressor cooling and deep-freezing – ST Class (up to 38 °C ambient temperature)

COMPACT COMPRESSOR FRIDGES FOR CAMPER VANS AND FOR UNDER THE COUNTER

Dometic RC 10.4 compressor refrigerators are tailor-made for Fiat Ducato and same design campervans. Our new facelift models come with exclusive Dometic 10-Series features that make them fit for all adventures: a double-hinged door that opens left and right, a removable freezer compartment and a powerful cooling unit you can rely on even when travelling in hot climates.

COMING SOON:

The new RSC 10.5 series of under counter compressor refrigerators will soon arrive to complete the family of 10-Series refrigerators. Add glamour to your kitchenette, and make clever use of space with our wheel-arch models.

DOMETIC RC 10.4T 90

Compressor refrigerator, 90 l, TFT display, double-hinged door

- Double-hinged door – opens left and right without the need to change the hinge
- Removable freezer compartment (opens to the bottom)
- Ease of use with intuitive TFT color display and turn/push button
- Reliable cooling and deep-freezing – even at extreme ambient temperatures up to 43 °C
- Elegant aluminium door handles extending over the complete fridge height
- Internal ventilation system – no further ventilation grills required
- Pleasantly quiet operation in night mode, fast cool-down with boost function

DOMETIC RC 10.4T 70

Compressor refrigerator, 70 l, TFT display, double-hinged door

- Double-hinged door – opens left and right without the need to change the hinge
- Removable freezer compartment (opens to the bottom)
- Ease of use with intuitive TFT color display and turn/push button
- Reliable cooling and deep-freezing – even at extreme ambient temperatures up to 43 °C
- Elegant aluminium door handles extending over the complete fridge height
- Internal ventilation system – no further ventilation grills required
- Pleasantly quiet operation in night mode, fast cool-down with boost function
